---

## PROFESSIONAL SUMMARY

Computer Science graduate with experience in Full Stack Web Development using HTML, CSS, JavaScript, Node.js, Express.js, PHP, and MySQL. Built CRM, healthcare, voting, and fitness applications with database integration and role-based access control. Seeking opportunities to contribute to scalable software solutions.

---

## TECHNICAL SKILLS

**Frontend Development:** HTML, CSS, JavaScript (Browser, Vanilla)

**Backend Development:** Node.js, Express.js, PHP

**Database:** MySQL, Supabase

**Programming Languages:** Python, JavaScript, PHP

**Core Competencies:** Full Stack Development, REST API Development, API Integration, Database Management, CRUD Operations, Authentication & Authorization, Payment Gateway Integration, Responsive Web Design, Database Design, Role-Based Access Control (RBAC), Version Control (Git/GitHub)

**Tools & Platforms:** Git, XAMPP, GitHub, VS Code, MS Office, Canva

---

## PROFESSIONAL EXPERIENCE

Metrics Mart Infoline Pvt. Ltd., Goregaon West, Mumbai

Full Stack Developer Intern | 3 Months

Developed and maintained web-based CRM and business management applications.

Built frontend and backend modules using HTML, CSS, JavaScript, Node.js, Express.js, PHP, and MySQL.

Worked on database design, API integration, bug fixing, and feature implementation in an Agile environment.

---

## FULLSTACK PROJECTS

### Company CRM & Project Management System

- Developed a role-based CRM and project management platform with separate dashboards for Admin, Sales, Callers, and Developers.
- Implemented lead management, meeting scheduling, project tracking, and payment processing using Razorpay integration.
- Built analytics dashboards and managed MySQL databases for leads, meetings, payments, users, and projects.

### Medikare – Healthcare Vendor Management & Medical Services Platform

- Developed a multi-vendor healthcare platform connecting hospitals, laboratories, ambulance providers, insurance companies, vendors, and patients.
- Implemented role-based authentication, vendor verification workflows, booking management, inventory tracking, and payment processing.
- Built scalable backend architecture and centralized admin dashboard using Node.js, Express.js, and MySQL.

#### **Online Voting Web Application**

- Developed a secure student voting platform with role-based access control and candidate management.
- Built an admin dashboard for election management, vote monitoring, and result generation.
- Integrated MySQL database for secure vote storage and reporting.

#### **Fitness Progress Tracking System**

- Developed a fitness tracking platform for monitoring workouts, performance metrics, and fitness progress.
- Implemented authentication, workout management, search/filtering, and analytics dashboards.
- Integrated MySQL database for secure storage of user profiles and workout history.

---

### **ACHIEVEMENTS**

- Maintained CGPA of 8.96/10 in B.Sc. Computer Science.
- Developed multiple full-stack web applications using Node.js, Express.js, and MySQL.
- Completed industry internship in Full Stack Web Development.

---

### **EDUCATION**

- Master of Science (M.Sc.) in Computer Science(Pursuing)  
Vartak College, Vasai – Session: 2026-2028
- Bachelor of Science in Computer Science  
Shankar Narayan College, Bhayandar East  
CGPA: 8.96/10

---

### **CERTIFICATIONS**

- MSC-IT in MS Office
- KLiC MKCL Certification in Python
- KLiC MKCL Certification in Web Development
- KLiC MKCL Certification in Web Designing
- KLiC MKCL Certification in C/C++

---

### **LANGUAGES**

- English, Hindi, Marathi, Gujarati, Maithili, Bhojpuri
